

Regular Playground Shelter

Reference:SH090145

Price: £1,895 (exc. VAT)

Available in three different sizes and with or without seating, the Regular Shelter provides children with their own made to measure outdoor space that is sheltered and safe.

There are so many benefits to be gained in getting children outdoors and a cosy meeting place that provides protection from drizzle and bright sunlight can be just the thing that encourages them to spend more of their break time in the playground.

Our regular shelter has a high roof and low panel walls so there's plenty of visibility into and out of this shelter, and decked floor means children are never traipsing mud back into the classroom.

Often installed primarily as a space where children can congregate and chat at break times, the regular shelter doubles up as a focal point for guided and non-guided outdoor role play as well as a sheltered space for outdoor story telling.

The smallest of our regular shelters seats around 10 children, with the others seating around 12 and 14 respectively

Dimensions

Colours

Finished with Timber Protection.

General Information

Guarantee

Our Playground shelters are guaranteed against structural and design defect for 3 years - this does not cover acts of vandalism, misuse or exceptional natural events.

Walls and general construction

- Polycarbonate glazing sheet is guaranteed unbreakable for the life of the product
- As long as the maintenance instructions are adhered to, the product will last substantially longer

Maintenance that is required

- Ensure that an air gap is maintained under the base and around all sides; check on an annual basis to ensure that there is not a build-up of debris
- The wood preservative paint will need re-coating every so often; (the same type of time scale as your house) this does depend on the prevailing weather conditions but would typically be 2 - 4 years.

Delivery & Installation

- We are happy to deliver throughout the United Kingdom and Europe
- Our products are delivered by our team or occasionally in the case of small items, by a trusted courier.
- Please contact us for delivery prices
- FREE delivery for all Mainland UK orders over £3,000 *

All prices shown are excluding VAT unless otherwise stated.

*Anything above Edinburgh/Glasgow will incur an additional cost, please contact us for details.

Specification

All our products are built to fully comply with EN1176-1 playground regulations

Build Specification

The following specification reflects that of the featured build with the price shown at the top of this document. Please refer to our website for details on other build options.

Floor

Decking - Ground level

- The decking boards are good quality 38mm x 125mm grooved redwood boards that are pressure treated.
- The deck boards are screwed to the pressure treated timber bearers
- A weed prevention membrane is fitted below the decking to ensure that there is no plant growth up through the boards.

For an additional cost the decking can be painted with an anti slip paint, please ask for details.

Roof

Mineral Felt

A standard finish, good at keeping out the weather but not the most aesthetically pleasing of our roof options.

- The roof bearers are fitted to span across the apex: the size would depend on the span but it would be a minimum of 75mm x 50mm. The timber would be good quality redwood, planed with swept edges
- 12mm wbp external grade plywood is fitted to the top surface
- A layer of BBA approved breathable membrane is fitted as an underfelt
- A layer of 38kg mineral felt is fitted as the top surface and secured using galvanised staples.
- In the case of a large roof, pressure treated batons are fitted perpendicular to the roof felt
- The roof edges will be secured with a fascia board, the top finished with a ridge board and trim is fitted to the bottom.
- Guttering is always recommended and can either be fitted by us or retrospectively by you once installed.

Other Options

This shelter can be customised to your preference by changing the build specification. The different build levels are explained in detail on our website.

This table shows the cost of the different build levels that are available.

	Mineral Felt	Felt Shingles	Cost of seating
1.5m x 1.5m (4ft 9in x 4ft 9in)	£1,895	£2,010	£150
1.5m x 2.1m (4ft 9in x 6ft 9in)	£2,300	£2,460	£190
1.8m x 1.8m (5ft 9in x 5ft 9in)	£2,370	£2,540	£185
