Giant Table Sandpit

Reference: SP101056
Price: £885 (exc. VAT)

One of the beauties of playing with sand is that there is no right or wrong way... there's just play, and play builds confidence and helps children assimilate new ideas.

Our giant table sandpits are available in three different sizes with a choice of wooden or canvas lids and provide the perfect setting for children to engage in enhanced play.

A Giant Table Sandpit provides the opportunity for large groups of children to play together and therefore helps teach concepts such as sharing and listening which are crucial elements in childhood development, as well helping to define their fine and gross motor skills.

At a height of 550mm (1ft 8in) from the ground, wooden table sandpits are an ideal height for early year learners and provide a contained area for potentially messy play.

Dimensions

Colours
Finished with Timber Protection.

Pressure Treated Timber
General Information
